HELEN SCOTT

PEACE RIVER SOUTH

Independent leadership,
strong conservative values.

Born and raised in Dawson Creek, Helen now lives in Tumbler Ridge with three generations of her family. She spent 14 years with School District 59, owns a family business, and served one term on Tumbler Ridge Municipal Council. Helen has been a longtime community volunteer and local sponsor, supporting Minor Hockey and other community initiatives throughout Peace River South.

WHY I'M RUNNING

I believe Peace River South deserves a representative who answers to the people first. I've watched government decisions move further away from the people they affect. Too often, party priorities take precedence over local concerns. Running Independently gives me the freedom to speak directly, ask difficult questions and bring your priorities forward without taking direction from a political party. My conservative values are rooted in personal responsibility, fiscal accountability, transparency and freedom. I will work with others when it serves Peace River South, while holding government accountable to the people who elected us. Peace River South deserves a strong, independent voice.
